InterMediation
Music - Effect - Analysis

Sweet Spot
Lounge for Electroacoustic Music

LIMINA 2026

Contemporary Music Festival Salzburg
This concert is curated by our guest artist Rojin Sharafi (IRN/AT).

Concert featuring works by Arda Saraçoğlu, Leva Raubytė, Olga Krashenko and Robert Zbynek Wiesener.

Rojin Sharafi is a Tehran-born, Vienna-based sound artist, performer, and composer who fuses raw and abstract emotions with electronic elements that emulate acoustic sounds. Her distinctive musical language intertwines acoustic elements replicating electronic textures - and vice versa - resulting in a synthesis of resilient yet vulnerable and honest sonic expressions.

Moderation: Marco Döttlinger
Idea & Technic: Alexander Bauer, Achim Bornhöft, Marco Döttlinger, Martin Losert
Information: Intermediation@plus.ac.at
